

OLD VETERANS HAVING A TIME

In Madisonville—Given the Keys of City by Mayor Gatlin Wednesday Morning.

SEVERAL HUNDRED VETERANS ARE NOW AT CAMP.

Several hundred Federal veterans are now at Camp Jim Crow, which has been established on the fair grounds near Madisonville. A salute was fired at sunrise Wednesday morning and the reunion was formally declared in full swing. Mayor D. W. Gatlin made the welcome address in his usual happy style and placed the keys of the city in the hands of the veterans. He was followed by Rev. S. M. Bernard, who made an able address and was vociferously cheered by the vets. Prof. J. J. Glenn, who was billed to speak on Wednesday, but his address was postponed by the committee until Friday afternoon and he will fill the place of Hon. J. K. Hendrick, of Paducah, who is unable to attend the reunion. New arrivals are coming in on every train and swelling the crowd already at the camp. Capt. Bacon, as master of ceremonies, is the right man in the right place and everything points to a pleasant and successful meeting of the veterans in blue.

Scrap at Depot Causes Excitement.
Quite a good deal of excitement was caused here Monday night on the arrival of train 94 from the South. Robt. Lisle and Miss Berry, of this city, eloped to Springfield, Tenn., Monday and were married, returning on train 94 the same day. As the young married couple left the train, Johnson Berry, a brother of the bride caught her by the arm and told her to come home with him. The bridegroom, not fully understanding the situation, struck Berry. The bride came near fainting and there was something doing right away. Lisle and Berry were both placed under arrest by Night Marshal Hamby and carried before Judge Bennett. Berry stated he was trying to ascertain if his sister was married and Lisle claimed he struck Berry to protect his wife. After these explanations Judge Bennett ordered them released.

Don't Break Down.
Severe strains on the vital organs, like strains on machinery, cause breakdowns. You can't overtax stomach, liver, kidneys, bowels, or nerves without serious danger to yourself. If you are weak or run-down, or under strain of any kind, take Chamberlain's Colic, Cholera and Diarrhoea Remedy. Mr. J. E. Van de Walle, of Kitchland, Ill., writes: "That I did not break down, while enduring a most severe strain, for three months, is due to Chamberlain's Colic, Cholera and Diarrhoea Remedy. Use them and enjoy health and strength. Chamberlain's Colic, Cholera and Diarrhoea Remedy is the best." Sold by King & Son.

Nebo Happenings

Len Lutz, of Stanhope, was here Friday.
Ira King went to Madisonville Saturday.
Martin O'Bryan and son went to Madisonville Saturday.

Misses Bob Hill and Sasse Peyton entered school at Madisonville Monday.

Our saw mill, having used the timber in reach, has ceased operation.

The farmers are housing their tobacco as rapidly as possible. They report a fine crop.

Bro. Savage, of the Christian church, filed his regular appointment last Sunday.

A good crop of corn is expected and a yield is confidently expected.

Mrs. Amy Hartman rented rooms in Madisonville and will enter her son, Elbie, in the school at that place.

Miss Emma Hill left Saturday for Madisonville to assume her place as teacher in the Normal School at that place.

Miss Jimmie Lee Fike left for Madisonville to be ready to take her position as principal of the Broadway school.

Mrs. Callie Baker, who has been on a visit to her parents for the last month, left Saturday for her home in the South.

Bro. Mitchell, of the M. E. Church, filed his regular appointment Sunday and preached two splendid sermons.

Mrs. Fannie Jones, of Nashville, Tenn., who has been traveling in the West, is visiting her niece, Mrs. Will Cox, of this place.

The work on Dr. Ferguson's new house is still being pushed. When completed it will be the handsomest residence in the Nebo country.

A little daughter of Frank Nickols had the misfortune to fall off the porch and break her arm in two places. Drs. Selver and Ferguson were called and set the arm. At the present it is getting along nicely.

John B. Peyton, who carries the mail on our rural route, is taking a vacation. He has been on the route five years and during that time has only lost one day from sickness during that time and only one day from bad weather.

Mrs. Fannie Curry and two children, of Columbia, Ky., are visiting her parents, Mr. and Mrs. George Dudley. She was reared here and has lots of friends here who are all glad to see her. She is the wife of the Rev. Curry, of the M. E. Church here, and who formerly had charge of the Earlinton work, but is now located at Columbia.

The Lash of a Friend
Would have been as welcome to A. Cooper, of Overton, N. Y., as a merciless lung-racking cough that defied all remedies for years. "It was most troublesome and I might as well have said 'nothing helped me till I used Dr. King's New Discovery, which cured me completely. I never cough at night now.' Millions know its matchless merit for stubborn colds, whooping cough, sore lungs, laryngitis, asthma, hemorrhage, croup, whooping cough, or hay fever. It relieves quickly and never fails to satisfy. A trial convinces. 50c. \$1.00. Trial bottle free. It's positively guaranteed by all druggists."

Extends Time to October 1.
At a meeting of the executive board of the Stemming District Association, held in Henderson Saturday, the time for pooling the 1910 crop of tobacco was extended until October 1.

Reports from members of the executive board showed that good progress has been made in pooling and it is believed that the necessary amount will be obtained.

I. N. Baker, of Webster county, was elected chairman of the executive board to succeed F. B. Brown, of Madisonville, who had declined a re-election. Mr. Brown served as chairman of the executive board for four years and his advice and presence will be greatly missed at the future meetings of the executive board.

JOHN O'BRYANT KILLED

Shot While Resisting Arrest Wednesday Morning, by Deputy Sheriff John Ashby.

CORONER'S JURY EXONERRATES ASHBY.

John O'Bryant, colored of Madisonville, better known as (Shine) was shot and almost instantly killed by deputy Sheriff, John Ashby Wednesday morning about 11 o'clock. O'Bryant was wanted on the charge of robbery, he having striven the purse of Mrs. Ward, wife of Contractor Ward, while driving to the construction camp near Madisonville some time ago. At the time of his arrest O'Bryant was a waiter in Herri's Restaurant and when Deputy Proctor Ashby started to arrest him he ran and hid in a vacant house. Deputy Ashby followed him and shot at him four times on the way. On entering the house O'Bryant, who was hid behind the door, struck Ashby several times, took his pistol away from him and ran up the Providence branch towards the cannery factory. Deputy Proctor Ashby, who was badly injured, notified Sheriff Stanley of the matter and a posse was hastily summoned, composed of Deputy Sheriffs Claud Ford, John Ashby, Chief Graddy, Policeman Wilson and Ches Bradley, who went on a hunt for the negro. He was found in some high weeds in a garden after considerable search, and on being commanded to hold up his hands, did so with a pistol in them. Deputy Ashby thinking it was loaded and his life was in danger, shot O'Bryant just above the eye, killing him instantly. Coroner Stevens was notified and held an inquest. Following is the verdict of the Coroner's jury:

We, the jury, find the dead body before us to be that of John O'Bryant, colored, who came to his death at the hands of Deputy Sheriff John Ashby while attempting to arrest him on a warrant against him for robbery, said John O'Bryant attempting to shoot said Ashby, said Ashby fired on him and killing him instantly. The jury further finds said Ashby fully justifiable in said act.

THERE IS A REASON

Why it pays to advertise in the SEMI-WEEKLY BEE:
It reaches a large number of wage earners who take no other paper.

It has an almost exclusive circulation in a community where \$50,000.00 in money is paid out each month.

It is read by hundreds of people who buy what they want and who have money to pay for what they buy.

The only way to get your advertisement before the people of Earlington, Morgans Gap, St. Charles and immediate vicinity is through the medium of the Earlington Bee. A hint to the wise is sufficient.

WORK

Let me but do my work from day to day
In field or forest, at the desk or loom,
In roaming market-places or tranquil room;
Let me but find it in my heart to say,
When vagrant wishes beckon me astray,
"This is my work—my blessing, not my doom;
Of all who live, I am the only one by whom
This work can best be done, in the right way."
Then shall I see it not too great nor small
To suit my spirit and to prove my powers;
Then shall I cheerfully greet the laboring hours,
And cheerful turn, when the long shadows fall
At eventide, to play and love and rest,
Because I know for me my work is best.

Beware of Ointments for Catarrh that Contain Mercury.

A remedy will surely destroy the sense of smell and completely derange the whole system—when entering it through the mucous surface. Such articles should never be used except on the prescriptions from reputable physicians, as the damage they will do is too often told to the good you possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, O., by F. J. Cheney & Co. Testimonials free.
Sold by Druggists. Price 75c per bottle.
Take Hall's Family Pills for constipation.

New Show in Town.

The Genter-Edwards Stock company are giving a series of performances under a huge tent near the Earlington Machine Works on Thursday, Friday and Saturday nights. This company has a number of artists of no mean talent and are pleasing the crowds. They give a good clean show and one that is well worth the small price asked, 15 and 25 cents.

Don't think that piles can't be cured. Thousands of obstinate cases have been cured by Doan's Ointment. 50 cents at any drug store.

There is no need at all for a non-progressive store in a city of progressive people; for a non-advertising store in a city of ad-readers.

Swellings of the flesh caused by inflammation, colds, fractures of the bone, toothache, neuralgia or rheumatism can be relieved by applying BALLARD'S SNOW LINIMENT. It should be well rubbed in over the part affected. Its great healing and penetrating power cures the pain, reduces swelling and restores natural conditions. Price 25c, 50c and \$1.00 per bottle. Sold by St. Bernard Mining Co., Incorporated, Drug Department.

Your immediate advertising task is to make new store-friends—while making necessary clearances of stock.

High Class Vaudeville.

The Goodall & Lowery Co., out of Evansville, are at the Electric Theater Thursday, Friday and Saturday nights of this week. Those who saw the performance Thursday night will need no urging to attend every night while they are here. There are five children in the company all under thirteen years of age.

The youngest little lady, Miss Gertrude Lacklin, is only six year old and her singing is above the ordinary. Her gestures and acting would be a credit to one of far more experience. She is assisted by Master Paul Woodall, who is very little larger than herself. Master Woodall does some very fine clog dancing. The two oldest young ladies, Miss Gladys Cook, in singing and dancing, and Miss Johnnie Lowry, in her latest song hits, were very popular. It is said that if they should stay in one place a month they could put on an entire change of program every night, proving themselves to be the most versatile of young vaudeville artists on the road today.

They will be at the Electric Theater tonight and tomorrow night. Admission remains 10 and 15 cents.

If your child is pale and sickly, picks at the nose, starts in the sleep and grinds the teeth while sleeping, it is a sure sign of worms. A remedy for these parasites will be found in WITTE'S KIDNEY PILLS. It not only cleans out the worms, but it restores health and cheerfulness. Price 25c per bottle. Sold by St. Bernard Mining Co., Incorporated, Drug Department.

"Advertising expense" is a figure of speech. Increased volume of sales wipes it out.

A Good Position.
Can be had by ambitious young men and ladies in the field of "Wireless" or Railway Telegraphy. Since the 8-hour law became effective, and since the Wireless companies are establishing stations throughout the country there is a great shortage of telegraphers. Positions pay beginners from \$70 to \$90 per month, with good chances of advancement. The National Telegraph Institute operates six official Institutes in America, under supervision of R. B. and Wireless Officials and places all graduates into position. It will pay you to write them for full details at Cincinnati, O., or Philadelphia, Pa.

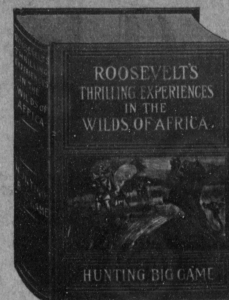

You wouldn't move into a store so small that you couldn't display half your stock—so don't try to advertise in half-enough space, either!

THE MOST TALKED SUBJECT

Among the Women of this City is

The FREE Sewing Machine

Ever since we announced the fact that we had secured the Exclusive Agency for The Free Sewing Machine, the only Insured Sewing Machine, and the machine you have read so much about in Magazine advertisements, there has been a ripple of discussion among the good women of our city.

This interest waxed into enthusiasm

when they learned that The Free was not only insured but that it also possessed

The "Rotoscillo" movement (the most wonderful sewing machine invention in 50 years)
The Automatic Shuttle Ejector
The Automatic Tension Release
The Automatic Locking Drawers
The Eight Sets of Ball Bearings
The Beautiful French Leg Design, which does not show dust
The Rotary Spool Pin
The Needle which can't be put in wrong

and a score of other unique improvements.

The FREE is Insured

for five years against Accident, Breakage, Wear, Fire, Tornado, Lightning and Water.

This means that if from any of these causes you break any part, (a needle, belt, attachment, etc.) or all of the machine is destroyed, it will be replaced free to you. The Free Company is the only company which dares to "insure" their machine in addition to giving it the regular life warranty against imperfection.

Come to our store and See "THE FREE"

"The Free" attachments do very beautiful work.

A Store Must "Speak For Itself."

The Miles Standish idea of courtship by proxy obtained in store-management, very general, until recent times. It was thought that "a pleased customer" was not only "the best advertisement," but that no other advertisement was needed.

That was true, to some extent, before the days of the larger development of the store idea. Now a store is a great bureau of service, standing much besides mere buying and selling.

And with the broadened functions of the store the need of constant publicity—publicity systematized, made valuable to all people in giving them opportunity news—developed.

Proxy-advertising—the good word of the pleased customer to a friend—has lost none of its value. But it has dropped to the place of auxiliary advertising. It is a help—not a sole reliance.

Truly, a store "must speak for itself." It is the verdict of "modern Precillias." [It is all very well for a friend to say, enthusiastically, "I found the best bargain at Blank's yesterday." But it is more needful to know what bargain can be found at Blank's today and tomorrow—and this is "advertising news,"]

For Sale Cheap

DIRE DISTRESS.

It Is Near At Hand to Hundreds of Earlington Readers

Don't neglect an aching back. Backache is the kidneys' cry for help. Neglect hurrying to their aid. Means that urinary troubles follow quickly.

Dire distress, diabetes, Bright's disease. John Davenport, Wilson, St. Earlinton, Ky., says: "I suffered more severely from kidney trouble than words can describe. F. D. McGary, traveling salesman for the Louisville Coffee Co., in this section, was first prize for selling the largest amount of goods last month. He was presented with two five dollar gold pieces by the company. Mr. McGary had several close competitors, but won by a safe margin.

TO BUILD A BIG STORE FIRST, BUILD A BIG MERCHANT

Emerson said that "an institution is but the lengthened shadow of one man."

A store is no greater than its owner. It will grow up to the stature of its biggest ideas—but no larger. Every store in this town is GROWING UP TO ITS OWNER'S SIZE.

So that, no matter how small it is today, it will become as big as he determines it shall be.

For your "natural merchant" is a big advertiser. He may be able, just now, to use but a small space—but he is getting ready to use big space. And he uses the small space PERSISTENTLY, making the advertising as inevitably a part of his expense as anything else—and aiming at a constant expansion of the space used.

That sort of merchant will build a big store—for he is, potentially, a big merchant already.
